

CONCRETE **TURBO CUP GRINDERS**

SPEC SHEET

DESCRIPTION: The P5-TCG cup grinder has a turbo segment for a cleaner finish. The 100mm grinder can be used on either the Makita PC1100 concrete planer or standard 115mm angle grinders.

FEATURES: Turbo diamond rim for a clean finish.

MACHINE SUITABILITY: Angle grinders and Makita PC1100 concrete planer (100mm only).

STANDARDS:

- EN13236: European Standard that regulates the safety requirements for super abrasive (diamond) products.
- The Organization for the Safety of Abrasives (oSa): Members of oSa have to imply strict manufacturing, quality and safety procedures in accordance with EN13236

USER TIPS:

- For the best results, keep the disc flat to the surface of the material.
- Apply only enough pressure to maintain contact with the material. Exessive pressure will result in the disc cutting into the surface.

PACKAGING DETAILS:

White corrugated cardboard box.

Widely Recycled
