DESCRIPTION: The P5-MULTI355 is a 36 tooth multi-purpose TCT saw blade for use on low revving chop saws, to cut materials, such as mild steel, plastic, wood and wood with nails.

FEATURES: Multi-purpose, fast cutting, constant depth of cut.

MACHINE SUITABILITY: EVORAGE 2 saws and other low revving chop saws.

USER TIPS:

- Always ensure that the blade is suitable for your machine type. Using a blade designed for another machine type could be unsafe
- Do not exceed the discs 2000rpm maximum speed
- Make certain that the blade is suitable for the material being cut
- Do not force the cut. Let the blade and machine do the work.

PACKAGING DETAILS:

White corrugated cardboard box.
