

STA-12

SPEC SHEET

DESCRIPTION: Ideal for utility contractors, civil engineers and general building work. The STA-12 is designed for use on highly abrasive materials such as asphalt, cement screed, lightweight concrete blocks and grit stone.

FEATURES:

- Deep draft segments for steel core protection
- 12mm high segments

MACHINE SUITABILITY: Hand held cut off saws.

STANDARDS:

- EN13236: European Standard that regulates the safety requirements for super abrasive (diamond) products.

USER TIPS:

- Make certain the blade is suitable for the material before cutting
- Do not use unnecessary pressure, the weight of the machine is sufficient
- Carry out a slight forwards and backwards pendulum movement when cutting
- If cutting speed reduces you can re-sharpen (dress) diamond segments by making several cuts into a highly abrasive material such as a 3-Newton concrete or cinder (breeze) block.

PACKAGING DETAILS:

Full colour corrugated cardboard box.

PRODUCT DETAILS:

Part No. Dimensions

DP14528 300 x 3.0 x 12 x 20mm (12")
