

# BI-METAL FOR WOOD & METAL MULTI-TOOL BLADE

## ST-MTB-BIM

IDEALLY SUITED  
 UNSUITABLE  
 OCCASIONAL USE

### DESCRIPTION:

The combination of the ST-MTB-BIM's Bi-Metal, High Carbon Steel Body (HCS) and High Speed Steel (HSS) tooth strip, ensures a lasting sharpness with the appropriate flexibility whether you are plunge cutting, flush cutting and or simply trimming materials such as wood, wood with nails, thin gauge soft metals, non-ferrous metals and plastics.

### FEATURES:

- Made from High Carbon Steel body (HCS) and High Speed Steel (HSS) tooth strip
- Ideal for Plunge Cutting
- Cuts a wide range of materials

### MACHINE SUITABILITY:

Universal Fitting – Fits most brands of machine

### USER TIPS:

- Always wear the appropriate PPE
- Make sure that the blade is the correct fitting for your machine
- Ensure you select the correct blade for your task
- Avoid using excess pressure when cutting. Trying to force the blade to cut will reduce the speed of cut and overheat the blade
- Excessive heat build-up can damage the blade. Using the full width of the blade when cutting can help to dissipate the heat, and prolong the life of the blade
- When cutting round objects such as waste pipe, select a wider blade than required to reduce the risk of the blade slipping during the cut
- To achieve clean, straight cuts, when plunge cutting, use a straight edge to support and guide the blade. Use a slight rocking motion to reduce surface resistance and increase the speed of cut
- When cutting curves, the semi-circular radial blades allow for closer control to follow the cut line

### PRODUCT DETAILS:

PART NO.	BLADE WIDTH	WORKING LENGTH	PACK QTY	BLADE MATERIALS	MATERIAL APPLICATION
GT42115	10mm	30mm	3	Bi-Metal (BIM)	Wood & Metal
GT42117	34mm	40mm	3	Bi-Metal (BIM)	Wood & Metal
GT42119	34mm	40mm	10	Bi-Metal (BIM)	Wood & Metal
GT42121	44mm	40mm	3	Bi-Metal (BIM)	Wood & Metal
GT42123	68mm	40mm	3	Bi-Metal (BIM)	Wood & Metal
GT42125	88mm	Radial	3	Bi-Metal (BIM)	Wood & Metal

### PACKAGING DETAILS:

Full colour corrugated cardboard box.

Widely Recycled
