

ST-HEX32

SPEC SHEET

Part No.	Description	Overall Length	Working Length
GT40485	450mm Moil Point	450mm	N/A
GT40486	450mm Narrow Chisel	450mm	N/A
GT40487	75 x 450mm Wide Chisel	450mm	N/A
GT40488	115 x 450mm Tarmac Cutter	450mm	N/A

ST-HEX32 POINTS & CHISELS

FOR USE ON ALL TYPES OF BRICK, BLOCK, GENERAL MASONRY AND CONCRETE

PART NO.	DESCRIPTION	COMMON USES
GT40485	450mm Moil Point	Heavy duty bursting in general masonry and concrete
GT40486	450mm Narrow Chisel	Heavy duty demolition in general masonry and concrete
GT40487	75 x 450mm Wide Chisel	Heavy duty demolition (larger area) in general masonry and concrete
GT40488	115 x 450mm Tarmac Cutter	Asphalt / tarmac cutting

DESCRIPTION: The ST-HEX32 range of points and chisels are suitable for use on pneumatic, hydraulic and electric machines with a 32 x 160mm fitting (1 1/4")

FEATURES: High grade alloy steel

MACHINE SUITABILITY: Pneumatic, hydraulic and electric machines with a 32 x 160mm fitting (1 1/4")
